PROJECTS

Phone's Bazar ([Live Link](#) | [Code-Link](#) | [Server-Side-Link](#))

- For this project I used react, DaisyUI, Express.js, and MongoDB. Anyone can buy or sell using this site.
- Without a JWT token no one can see his orders and the Dashboard JWT token expired after 1 day automatically.
- Users can create an account as a buyer or seller and users also can log in with their Gmail.

M0DD△51R's Photography ([Live Link](#) | [Code-Link](#) | [Server-Side-Link](#))

- For this project I used react, DaisyUI, Node.js, Express.js, MongoDB, and JWT.
- This is a facility review website, so if the user wants he can review and also see his review.
- User must be a valid user by email verification.

Online IT Learning ([Live Link](#) | [Code-Link](#) | [Server-Side-Link](#))

- This is a fully responsive website I developed by react.js, and Bootstrap for frontend.
 - Without a valid user, he can't see enter get premium routes.
 - If the user wants he can download course details.
